

# ClickSoftware End-of-Life

## Evora ServiceNow FSM Solution

With your organization running on ClickSoftware's field service management (FSM) solution, whether in the cloud or on-premise, you know the clock is ticking and you have a choice to make.

A long, complex, and expensive implementation of a new solution

OR

An assessment led by Evora's experts to identify the best migration path to meet your business goals

### ServiceNow and Evora IT Solutions have teamed up to:

- Assess business processes, Click usage, and goals to recommend a strategy aligned with desired outcomes
- Evaluate assessment findings to determine timeline, cost, and ease of migrating from Click to ServiceNow
- Deliver findings and recommendations specific to your business for the best possible future ROI

### Why Evora and ServiceNow?
