EvoSuite from Evora IT Solutions Now Available on SAP® Store
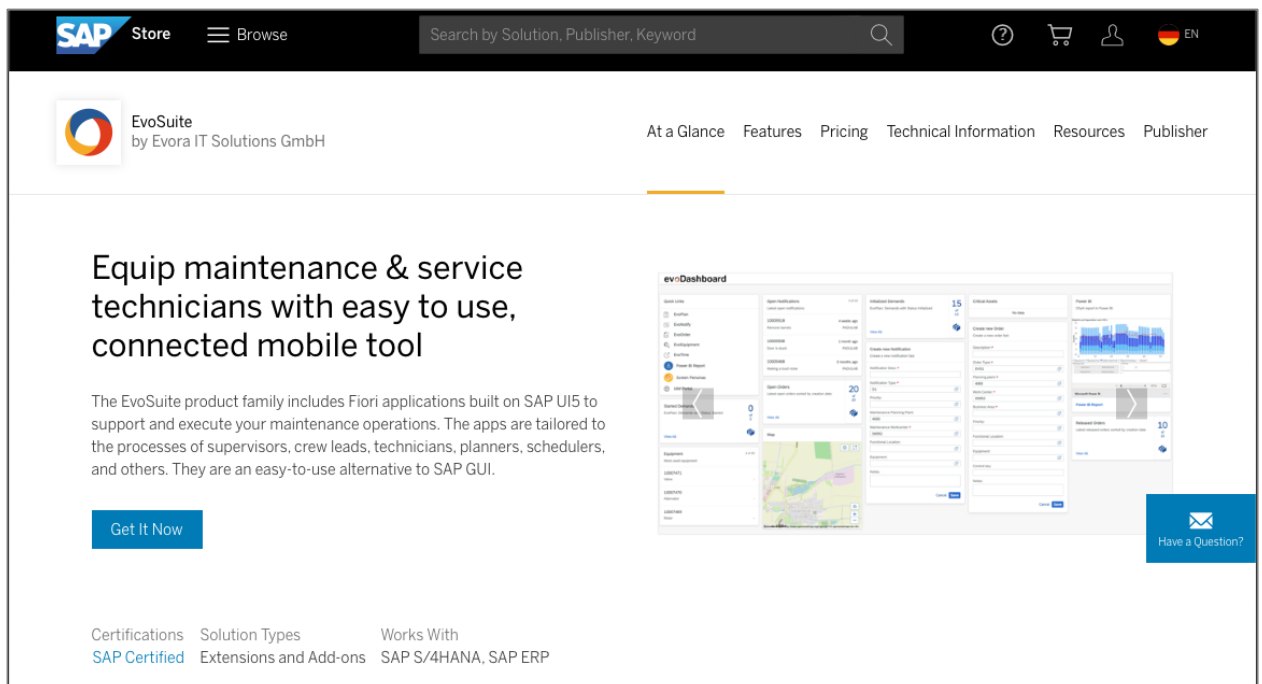

EvoSuite delivers user-friendly apps for maintenance and service operations to customers utilizing SAP® technology

Walldorf — August 10, 2022 — Evora IT Solutions GmbH today announced that its [EvoSuite](#) family of applications is now available on [SAP® Store](#), the online marketplace for SAP and partner offerings. The EvoSuite product family includes SAP Fiori® applications that are built on SAPUI5, the UI development toolkit for HTML5, to help enhance SAP technology for maintenance and service operations. [SAP Integration and Certification Center](#) (SAP ICC) has certified that the apps of EvoSuite version 2110 integrate with SAP S/4HANA® and SAP NetWeaver® platform.

"The EvoSuite apps are built for the way supervisors, crew leads, technicians, planners, schedulers, and others do their day-to-day work," said Bill Padula, EVP of Strategic Consulting at Evora. "Giving the maintenance workforce an alternative user experience, tailored to the execution of maintenance and service processes, results in increased usability and adoption of SAP technology. With the availability on SAP Store, even more companies, especially those in the asset-intensive industries, can learn about our offering."

EvoSuite allows organizations to save time, improve efficiency, and keep up with technology standards. It simplifies work preparation, work assignments, access to detailed information, and work reviews by:

- Scheduling work to technicians in EvoPlan
- Managing master data like functional locations or equipment in EvoLocation or EvoEquipment
- Processing work orders or notifications in EvoOrder and EvoNotify

The SAP Store, found at store.sap.com, delivers a simplified and connected digital customer experience for finding, trying, buying, and renewing more than 2,000 solutions from SAP and its partners. There, customers can find the SAP solutions and SAP-validated solutions they need to grow their business. And for each purchase made through SAP Store, SAP will plant a tree.

Evora IT Solutions GmbH is a partner in the SAP® PartnerEdge® program. The SAP PartnerEdge program provides the enablement tools, benefits, and support to facilitate building high-quality, disruptive applications focused on specific business needs – quickly and cost-effectively.
